## Summary

Creative and Detail-Oriented Graphic Designer & Illustrator with expertise in Adobe Creative Suite (Photoshop, Illustrator, Animate, After Effects) and Figma. Proven track record of creating 50+ character designs, vector graphics, visual branding assets, and end-to-end 2D animations. Skilled in combining visual aesthetics with functional design to create impactful digital and print media assets.

## Skills

- **Design Tools:** Adobe Illustrator, Adobe Photoshop, Figma, Adobe Animate, Adobe After Effects, Canva, Miro
- **Visual & Graphic Design:** Branding & Identity, Vector Illustration, Character Design, Storyboarding, Social Media Creatives, Layout & Typography, Asset Creation
- **Technical & UI Skills:** UI/UX Asset Preparation, HTML/CSS (Basic), Wireframing Basics
- **Soft Skills:** Visual Storytelling, Creative Problem Solving, Collaboration, Client Communication

## Experience

**Freelance Illustrator & 2D Animator** Gurugram, Haryana, IN **Sept/2024 - Present**

- Designed and developed 50+ custom character illustrations, vector graphics, and digital visual assets tailored for client branding.
- Created 2D animations using Adobe Animate and Illustrator, including storyboarding, rigging, and post-production.
- Created marketing banners, social media graphics, and promotional visual media to enhance brand engagement.
- Collaborated directly with clients to translate project requirements into creative visual concepts while delivering within strict deadlines.

**Software Developer Intern** Haryana Space Application Centre Gurugram, Haryana, IN **Feb/2024 - Aug/2024**

- Optimized website UI consistency, resolving 20+ visual and content issues for 10K–15K monthly visitors.
- Built CNN- and Haar Wavelet-based image deduplication solutions in Python, improving storage efficiency.

## Projects

- **Educational Animated Video Series:**
  - Created engaging educational video content using Adobe Animate, After Effects, and AI generation tools.
  - Designed custom visual assets, character graphics, and motion storyboards for clear visual communication.
  - Technology:** Adobe Animate, After Effects, AI Design Tools, Video Editing
- **Interactive Website UI/UX Redesign:**
  - Designed modern, responsive website layouts and interactive UI wireframes in Figma to improve user navigation.
  - Built structured design systems, cohesive color palettes, and accessible visual components for digital interfaces.
  - Technology:** Figma, UI/UX Design, Wireframing, Prototyping
- **Movie Recommendation System:**
  - Built an interactive web application featuring clean front-end UI for seamless personalized movie suggestions.
  - Designed visual navigation elements using HTML and CSS to improve overall dashboard user experience.
  - Technology:** HTML, CSS, Figma, Python, Machine Learning, Flask

## Education

**Bachelor of Technology** The NorthCap University Gurugram, Haryana, IN **Aug/2020 - Jun/2024**

- Major in Computer Science Engineering with Specialization in Artificial Intelligence and Machine Learning **Grade : 8.53/10.00**

**AISSCE / (Class XII)** Central Board of Secondary Education New Delhi, IN **Mar/2019 - Apr/2020**

- Major in Science with specialization in Physics, Chemistry, Mathematics, and Computer Science **Percentage : 79.6%**

## Research & Publication

**Sentiment Analysis on IMDB Dataset** **Feb/2023 - Dec/2023**

- Led a research project on Sentiment Analysis using Machine Learning & Neural Networks, analyzing 50,000 IMDb movie reviews.
- Developed and trained a BiLSTM model achieving remarkable results with 91% accuracy and 94% recall.
- Presented findings at the "International Conference on Smart and AI-Enabled Technology for Sustainable Development"; published a research paper on Sentiment Analysis Techniques in the "[Journal of Computer, Mechanical and Management](#)".
- Received a Letter of Recommendation for exceptional contributions in advancing Sentiment Analysis and NLP techniques.
